### **DB Aviation Expands Fleet; Adds Citation X, Hawker 900XP**

Waukegan, IL – October 15, 2010 – DB Aviation, a leading business aviation operator today announced that it is expanding its nationwide charter fleet with the addition of a Cessna Citation X and a 2010 Hawker 900XP. The Citation X is located at DuPage Airport (DPA) in Chicago, Illinois and the 900XP is located at Draughon-Miller Central Texas Regional Airport (TPL) in Temple, Texas. Both aircraft are available for utilization by DB Aviation’s customers, effective immediately.

In the Citation X Cessna created the fastest business jet in the world, while maintaining the lavish cabin the manufacturer is well known for. The Citation X comfortably seats eight, and enjoys a range that spans from coast to coast. The aircraft, manufactured in 2000 is the only Citation X available for charter in the Chicagoland area and compliments DB Aviation’s already diverse selection of super-mid sized cabins.

The 900XP is Hawker’s latest improvement to their line of mid-sized business jets. The aircraft has seating for eight and its increased range allows non-stop service to any destination in the continental United States. The aircraft’s location in Temple allows DB Aviation to conveniently accommodate departures from the major metro areas of Austin, Houston and San Antonio.

“I am very excited to add these aircraft to our fleet and confident that they will be of great value to our existing clientele. As we’ve learned from over 20 years of experience, travelers desire the ability to make it anywhere in the U.S. non-stop without the cost of a large cabin, and both of these aircraft certainly provide that luxury,” says Dave Brittsan, president of DB Aviation.

The Citation X and Hawker 900XP join a DB Aviation fleet that ranges in size from five to 16 passengers. The ARG/US Platinum operator maintains aircraft available for charter based in California, Illinois, Indiana, Minnesota, Texas and Wisconsin. To learn more about chartering any aircraft from DB Aviation call Jason Shook, Managing Director at 800 638-4990 or visit their website at [www.dbaviation.com](http://www.dbaviation.com).

#### **About DB Aviation**
