Challenger 604 Captain (Pilot PIC)

LOCATION:	Waukegan, IL
DEPARTMENT:	Flight Operations
AIRCRAFT:	CL604
REPORTS TO:	Chief Pilot

Founded with one aircraft nearly two decades ago, DB Aviation is one of the premier Aviation Services companies in the country. With an Executive Charter fleet strategically located throughout the nation and our Executive FBO serving Chicago, DB Aviation provides Presidential Service coast to coast.

Competitive salary and excellent benefits, including 401(k) with company match. We are located at the Waukegan Regional Airport (UGN-Illinois) which is an easy commute from Chicago or SE Wisconsin.

PRIMARY RESPONSIBILITIES

The primary responsibility of this position is to provide pilot services to aircraft owners and charter customers. This position performs their duties ensuring that the aircraft and its staff meet and maintain the requirements of DB Aviation's Part 135 certificate, DB Aviation's Operations Manual, DB Aviation's Maintenance standards and that all Charter activities are performed in concurrence with FAA and DOT regulations.

Duties include, but are not limited to the following:

- Performs job guided by standardized and coordinated procedures used by all crewmembers to meet DB Aviation, Inc. standards.
- Consistently performs all crew duties and activities to meet Part 135 requirements.
- Delivers Presidential quality service to every customer, every time.
- Maintains good working relationship with co-workers and other Flight Operation and Charter scheduling personnel.
- Responsible for maintaining availability, attending all required training and maintaining medical certificate.
- Completes required testing, flight and line checks, and currency requirements as well as responsible for tracking of duty/rest time compliance.
- Assists in performing, coordinating or designating flight and record keeping activities.
- Performs job exercising responsible expense control including, but not limited to, road fuel, all travel and other operating expenses.
- Maintains and ensures that record keeping is complete, accurate and timely.
- Ensures aircraft is ready and stocked prior to all trips.
- Holds self accountable to perform their duties consistent with DB Aviation's Presidential Service standards, guided by our Core Values of Integrity, Customers, Initiative, Continuous Improvement, Dignity and Respect and Having Fun.

MINIMUM REQUIREMENTS

To serve in a “heavy size” company aircraft as a PIC, a person must:

- Have at least 5,000 hours total time
 - 3,500 hours as PIC
 - 2,500 hours in multi-engine aircraft
 - 1,500 hours in turbojet aircraft
 - 250 hours in the type of aircraft being flown
 - Have an ATP certificate to serve as PIC of a turbojet airplane, or at least a commercial pilot certificate for other airplanes
 - Possess a current first-class medical certificate (FAR 67.13)
 - Meet the requirements of FAR 135.243
 - Complete the appropriate segments of the company training program.
- CL604 Type rating, preferred
- Must possess teamwork qualities (such as a sense of fairness, desire and ability to promote teamwork, ability to accept constructive criticism and assist co-workers, sense of humor, and the desire and ability to create and maintain positive working relationships).
- Good problem-solving and judgment capabilities.
- Must have a high energy level, a sense of urgency and the ability to deliver superior customer service.
- Must have proper command of the English language, possessing excellent written and verbal communication.
- Mentors and develops SICs.
- Willingness to learn and adapt to new responsibilities.

The successful candidate will consistently strive for excellence in the delivery of our services and function as a contributing member of the Flight Operations team to enhance the quality of our services.
